

## Infant Airway Trainer with Stand

### Product Data

Weight 6.4 kg  
Item No. W44667 [1017954]

• This product carries a 5 year warranty.

### Description

The infant airway management trainer features realistic size and anatomy and is perfect for practicing airway management skills on an infant.

Realistic anatomy includes mouth, tongue, oral pharynx, larynx, epiglottis, vocal cords, trachea, and esophagus. Separate lungs for auscultation. Inflatable stomach bladder indicated esophageal insufflation. Practice suctioning and oral intubation techniques. Each trainer includes a stand to mount head, pump spray lubricant, and hard carrying case. Can be attached to Basic Infant CRiSis™ manikin (W44717/1017248)

	Head/torso	Age	Digital intubation	Tongue edema	Laryngospasm	Stomach rise	Suctioning	Manual carotid pulse	Defibrillation	Additional features
